

GREEN VALE

S C H O O L

Our Vision

Green Vale will be a model for Pre-Nursery through 8th Grade educational excellence, inspiring graduates to put ideas into action for the greater good. We will create a culture of continuous learning led by faculty and marked by a commitment to research, learning design, and diverse perspectives.

Learning Priority

Define and strengthen our approach to learning and ensure that we continue to promote academic excellence, educate the whole child, and develop the skills, knowledge, and habits of mind needed to thrive.

GOALS:

- Deepen and advance Green Vale's vision for educational excellence
- Drive consistent application of learning principles across divisions, grades, and subject areas
- Integrate approaches to character, diversity, equity, and inclusion (DEI), and social-emotional learning (SEL) within our learning experience and curriculum

Teaching Priority

Build a culture that catalyzes adult learning, research, collaboration, and learning design in support of student-centered education and our outstanding teachers.

GOALS:

- Devote time and capacity for researching, evaluating, and sharing pedagogical practices
- Expand outside professional development opportunities
- Attract and retain teachers aligned to GVS Mission, Values, and Vision
- Establish GVS as a center for best teaching practices

Community Priority

Continue to cultivate a diverse community where members feel an enduring sense of belonging, share our Vision, and embody our Values.

GOALS:

- Promote alignment with GVS Mission, Values, and Vision in enrollment processes
- Design an approach to communications to build common ground, further understanding, and create emotional connection to the School
- Promote belonging among all community members, including parents, students, and faculty

Leadership Priority

Ensure that Green Vale has the appropriate resources and expertise across all functional areas to advance the above priorities over the short and long term.

GOALS:

- Review leadership structure to create role clarity and define areas of accountability
- Create vision for a future state business management office focused on execution of core operational activities
- Formulate a budgetary, endowment, and fundraising plan in close coordination with Finance and Development Committees to implement Strategic Plan
